Dr Patrick Walsh
Utilities Commissioner
Utilities Commission
GPO Box 915
DARWIN NT 0801

Dear Dr Walsh

Re: Revised variation to Power and Water Corporation's Generation and Retail Licences

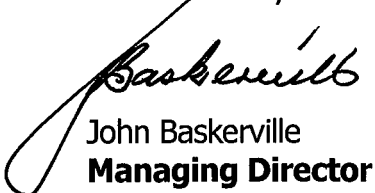

Further to the letter sent on 19 June 2014 requesting the Utilities Commission (the Commission) to vary Power and Water Corporation's (Power and Water) Generation and Retail Licences from 1 July 2014, the finalisation of the business registers pursuant to the Transfer Regulations has necessitated amendments to Parts A and B of the proposed licence variations.

Power and Water is now proposing that Berrimah Power Station (Darwin) be moved from Part A to Part B of the Generation Licence, and that McArthur River Mine be included in Part B of the Retail Licence.

These amendments are reflected in the revised Attachments A and B to this letter. The generating plants to be covered under Parts A and B are outlined in Attachment A, and the retail areas to be covered under Parts A and B are outlined in Attachment B.

Please contact Rachel Eckermann, A/Senior Manager Economics and Regulation, on (08) 8985 5846 or rachel.eckermann@powerwater.com.au should you have any queries in relation to these proposed amendments.

Yours sincerely

John Baskerville
Managing Director

25 June 2014

ATTACHMENT A – Parts A and B of the Generation Licence
