## LICENCE ADMINISTRATION

### 1 Definitions and Interpretation

In this licence a word or phrase:

- (a) has the meaning given to it in Part A; or
- (b) if the word or phrase is not defined in Part A, then it has the meaning given to it in the *Electricity Reform Act 2000*.

This licence must be interpreted in accordance with the rules set out in Part A.

### 2 Grant of licence

Under Part 3 of the *Electricity Reform Act 2000*, the Utilities Commission grants the licensee a licence to:

- (a) generate electricity at the electricity generating plants described in Schedule 1 for sale as contemplated by paragraph (b) or in any retail licence held by the licensee; and
- (b) sell and retail electricity to electricity entities holding a retail licence or a generation licence, in accordance with the terms and conditions of this licence.

### 3 Term

This licence commences on the date it is issued and continues until the earlier of:

- (a) when it is surrendered by the licensee under section 35 of the *Electricity Reform Act 2000*; or
- (b) when it is cancelled by the Utilities Commission under section 36 of the *Electricity Reform Act 2000*.

### 4 Suspension or cancellation of licence

This licence may be suspended or cancelled under section 36 of the *Electricity Reform Act 2000*.

### 5 Variation of licence

This licence may only be varied in accordance with section 32 of the *Electricity Reform Act 2000*.

### 6 Transfer of licence

This licence may only be transferred in accordance with section 33 of the *Electricity Reform Act 2000*.

### 7 Licence fee and other charges

- 7.1. The licensee must pay an annual licence fee or instalment of the annual licence fee, as the case may be, to the Utilities Commission as determined by the Minister under section 19 of the *Electricity Reform Act 2000*.

- 7.2. The licensee must pay the System Controller and Market Operator any applicable charges relating to the operations of system control and market operations as approved by the Utilities Commission.

## GENERAL CONDITIONS

### 8 Information to the Utilities Commission

#### 8.1. Annual return

The licensee must lodge an annual return by 1 August each year. The annual return must contain such information as specified by the Utilities Commission by written notice. At a minimum, the licensee will be required to provide information on:

- (a) key person/s for the Utilities Commission to contact regarding the licensed operations; and
- (b) details of electricity supply operations for use in the charging of licence fees.

#### 8.2. Change in circumstances

The licensee must give a notice in writing to the Utilities Commission if:

- (a) the licensee is put under external administration as defined by the *Corporations Act 2001* (Cth), within 2 business days of that external administration occurring;
- (b) an application is made to, or an order is made by, a court for the winding up or dissolution or a resolution is passed or any steps are taken to pass a resolution for the winding up or dissolution of the licensee in accordance with relevant legislation including the *Bankruptcy Act 1996* (Cth) or *Corporations Act 2001* (Cth), within 2 business days of that event occurring;
- (c) there is a change to the financial or technical capacity of the licensee, such that the licensee's capacity to carry on operations or comply with obligations under this licence may be materially affected, within 10 business days of that change.

#### 8.3. Change in officers

The licensee must give a notice in writing to the Utilities Commission of any change of directors or Board members, Chief Executive Officer, Chief Financial Officer and Company Secretary (or equivalent positions) as well as the key contact person/s of the licensee (as advised in the licensee's annual return) within 20 business days of that change.

#### 8.4. Change in shareholders (if applicable)

The licensee must give a notice in writing to the Utilities Commission of any change in the shareholding of the licensee resulting in the transfer of more than 50% of the shares in the licensee to a third party or a change in the entity that exercises control over the licensee within the meaning of section 50AA of the *Corporations Act 2001* (Cth), within 20 business days of that change.

## 8.5. Other information to the Utilities Commission

The licensee must, from time to time, provide the Utilities Commission, in a manner and form to be determined by the Utilities Commission, such information as the Utilities Commission may request.

## 9 Information to the System Controller

The licensee must, from time to time, provide the System Controller such information as the System Controller may request in accordance with the System Control Technical Code.

## 10 Compliance with regulatory instruments

The licensee must, as amended from time to time, comply with:

- (a) all applicable laws;
- (b) all applicable provisions of a code or rule made under the *Utilities Commission Act 2000* or the *Electricity Reform Act 2000*;
- (c) any applicable protocol, standard and code applying to the licensee under the Regulations or the Utilities Commission Regulations 2001; and
- (d) any applicable guideline made by the Utilities Commission under a code, the Regulations, the *Utilities Commission Act 2000* or the Utilities Commission Regulations 2001.

## 11 Compliance process

### 11.1. Establishment and maintenance of a compliance process

- (a) Within 3 months of issue of this licence, the licensee must establish, document, maintain and comply with appropriate auditable internal policies, procedures and systems (“compliance process”) for ensuring that it complies with its obligations under this licence, and all applicable laws, codes, rules, standards or guidelines.
- (b) The compliance process must include policies, procedures and systems for:
  - (i) training of employees about the obligations of the licensee under this licence;
  - (ii) regular internal audit by the licensee of its compliance with its obligations under this licence;
  - (iii) regular reporting to, and consideration by, the Board of the licensee concerning compliance with the obligations of the licensee under this licence;
  - (iv) dealing with any complaints made by a customer or other third party to the licensee in connection with non-compliance by the licensee with its obligations under this licence;
  - (v) detecting and reporting to the Utilities Commission any breach of the licensee’s compliance with its obligations under this licence.
- (c) The Utilities Commission may (after giving reasonable notice to the licensee) require the licensee to demonstrate to the Utilities Commission’s satisfaction that:
  - (i) the licensee’s compliance process is adequate; and/or
  - (ii) the licensee is complying with its compliance process.

- (d) Any notification made by the Utilities Commission to the licensee concerning the Utilities Commission's opinion of the adequacy of the compliance process of the licensee will not affect the licensee's obligations under this licence.

### **11.2. Independent audit**

- (a) Upon reasonable notice to a licensee, the Utilities Commission may appoint, or require the licensee to appoint, an independent auditor to undertake an audit of the licensee's compliance with any of its obligations under this licence (independent audit).
- (b) The licensee must consult with, and gain the approval of, the Utilities Commission for its preferred independent auditor and proposed scope for the audit.
- (c) The scope of the audit and the standards or requirements to apply to an independent audit must comply with any guidelines published by the Utilities Commission from time to time. In the absence of guidelines, the scope and standards or requirements will be determined by the Utilities Commission in consultation with the licensee. Where the Utilities Commission appointed the auditor, the Utilities Commission will nominate the standards or requirements.
- (d) The licensee must cooperate with any reasonable requests made by the independent auditor in undertaking the audit.
- (e) The licensee will be responsible to pay the costs of undertaking the audit.

## **12 Compliance reporting**

### **12.1. Notification of material non-compliance (material breach)**

- (a) The licensee must notify the Utilities Commission if it commits a material breach of an applicable regulatory instrument within 2 business days of becoming aware of that breach.
- (b) Following the initial notification, the licensee must advise the Utilities Commission, within 20 business days or other such time as agreed by the Utilities Commission, of the circumstances of, and reasons for, the material breach, consequences of the breach and remedial action that is being undertaken to rectify the breach.
- (c) The notification of material breaches, including the assessment of which breaches are a material breach, must be undertaken in accordance with any reporting guidelines published by the Utilities Commission from time to time.

### **12.2. Annual compliance report**

- (a) A licensee must provide an annual report to the Utilities Commission describing the measures taken by the licensee to ensure compliance with its obligations and identifying all instances (material and non-material) of non-compliance (annual compliance report).
- (b) The annual compliance report must be in accordance with any reporting guidelines published by the Utilities Commission from time to time.
- (c) The annual compliance report, and the Utilities Commission's assessment of compliance, may be made publicly available by the Utilities Commission.

## **13 Community service obligations**

The licensee must comply with the requirements of any scheme approved and funded by the Minister for the performance of community service obligations by electricity entities.

## 14 Operator

If an operator is appointed to the licensee's business under section 42 of the *Electricity Reform Act 2000*, the operator must exercise its functions and powers in such a manner as may be specified by the Utilities Commission in the instrument of appointment.

# GENERATION CONDITIONS

## 15 Responsibility for operating contractors

- 15.1. If the licensee engages a contractor or other party to perform a material part of the operations covered by this licence (operating contractor), the licensee remains responsible for ensuring that all operations covered by this licence comply with the conditions of this licence regardless of who carries out those operations.
- 15.2. The licensee must use best endeavours to ensure each operating contractor engaged by the licensee complies with the conditions of this licence to the extent that such conditions are relevant to that operating contractor.
- 15.3. For any operating contractor engaged by the licensee to perform a material part of operations covered by this licence, the licensee must give a notice in writing to the Utilities Commission if:
- (a) there is a change in the identity of the operating contractor, within 10 business days of that change;
  - (b) the operating contractor is put under external administration as defined by the *Corporations Act 2001* (Cth), within 2 business days of that external administration occurring;
  - (c) an application is made to, or an order is made by, a court for the winding up or dissolution or a resolution is passed or any steps are taken to pass a resolution for the winding up or dissolution of the operating contractor in accordance with relevant legislation including the *Bankruptcy Act 1996* (Cth) or *Corporations Act 2001* (Cth), within 2 business days of that event occurring;
  - (d) there is a change to the financial or technical capacity of the operating contractor, such that the licensee's capacity to carry on operations or comply with obligations under this licence may be materially affected, within 10 business days of that change.

## 16 Directions of the System Controller

The licensee must comply with the directions of the System Controller.

## 17 Quality of electricity

The licensee must provide electricity of a quality suitable for any electricity network which is interconnected or interfaces with the licensee's electricity generating plants.

## 18 Compatibility

The licensee must not do anything to its electricity generating plants affecting the compatibility of its electricity generating plants with any electricity network so as to prejudice public safety or the security of supply.

## 19 Right of use

The licensee must:

- (a) grant each electricity entity holding a network licence rights to use or have access to the licensee's electricity generating plants that are interconnected or interface with the electricity entity's assets for the purposes of ensuring the proper integrated operation of the power system and the proper conduct of the operations authorised by the electricity entity's licence; and
- (b) in the absence of agreement as to the terms on which such rights are granted, comply with any determination by the Utilities Commission as to those terms.
