Dear Commissioner

Electricity Retail Supply Code Review – Draft Decision Paper

I refer to Jacana Energy's correspondence of 14 December 2022 (**Submission**) in response to the Utilities Commission (**Commission**) proposed amendments to the Electricity Retail Supply Code (**Code**) and Draft Decision Paper (**Draft Decision Paper**) released on 31 October 2022.

As part of its Submission, Jacana Energy requested that the Commission consider the issues raised under the heading 'Account errors' in Section 11 of the Draft Decision Paper (item 11 of the Submission).

Jacana Energy has conducted a further review into account errors and asks that its comment and request to amend the Code in relation to 'Account errors' in Section 11 of the Draft Decision Paper is withdrawn. Jacana Energy supports the Commission's proposal not to amend the Code in this instance.

If you have any questions or wish to discuss any matter raised in this submission, please do not hesitate to contact me.

Yours sincerely
